Foreword

To most people high school days are the happiest period of life. They represent times when life is young, gay, and carefree, and worries are few.

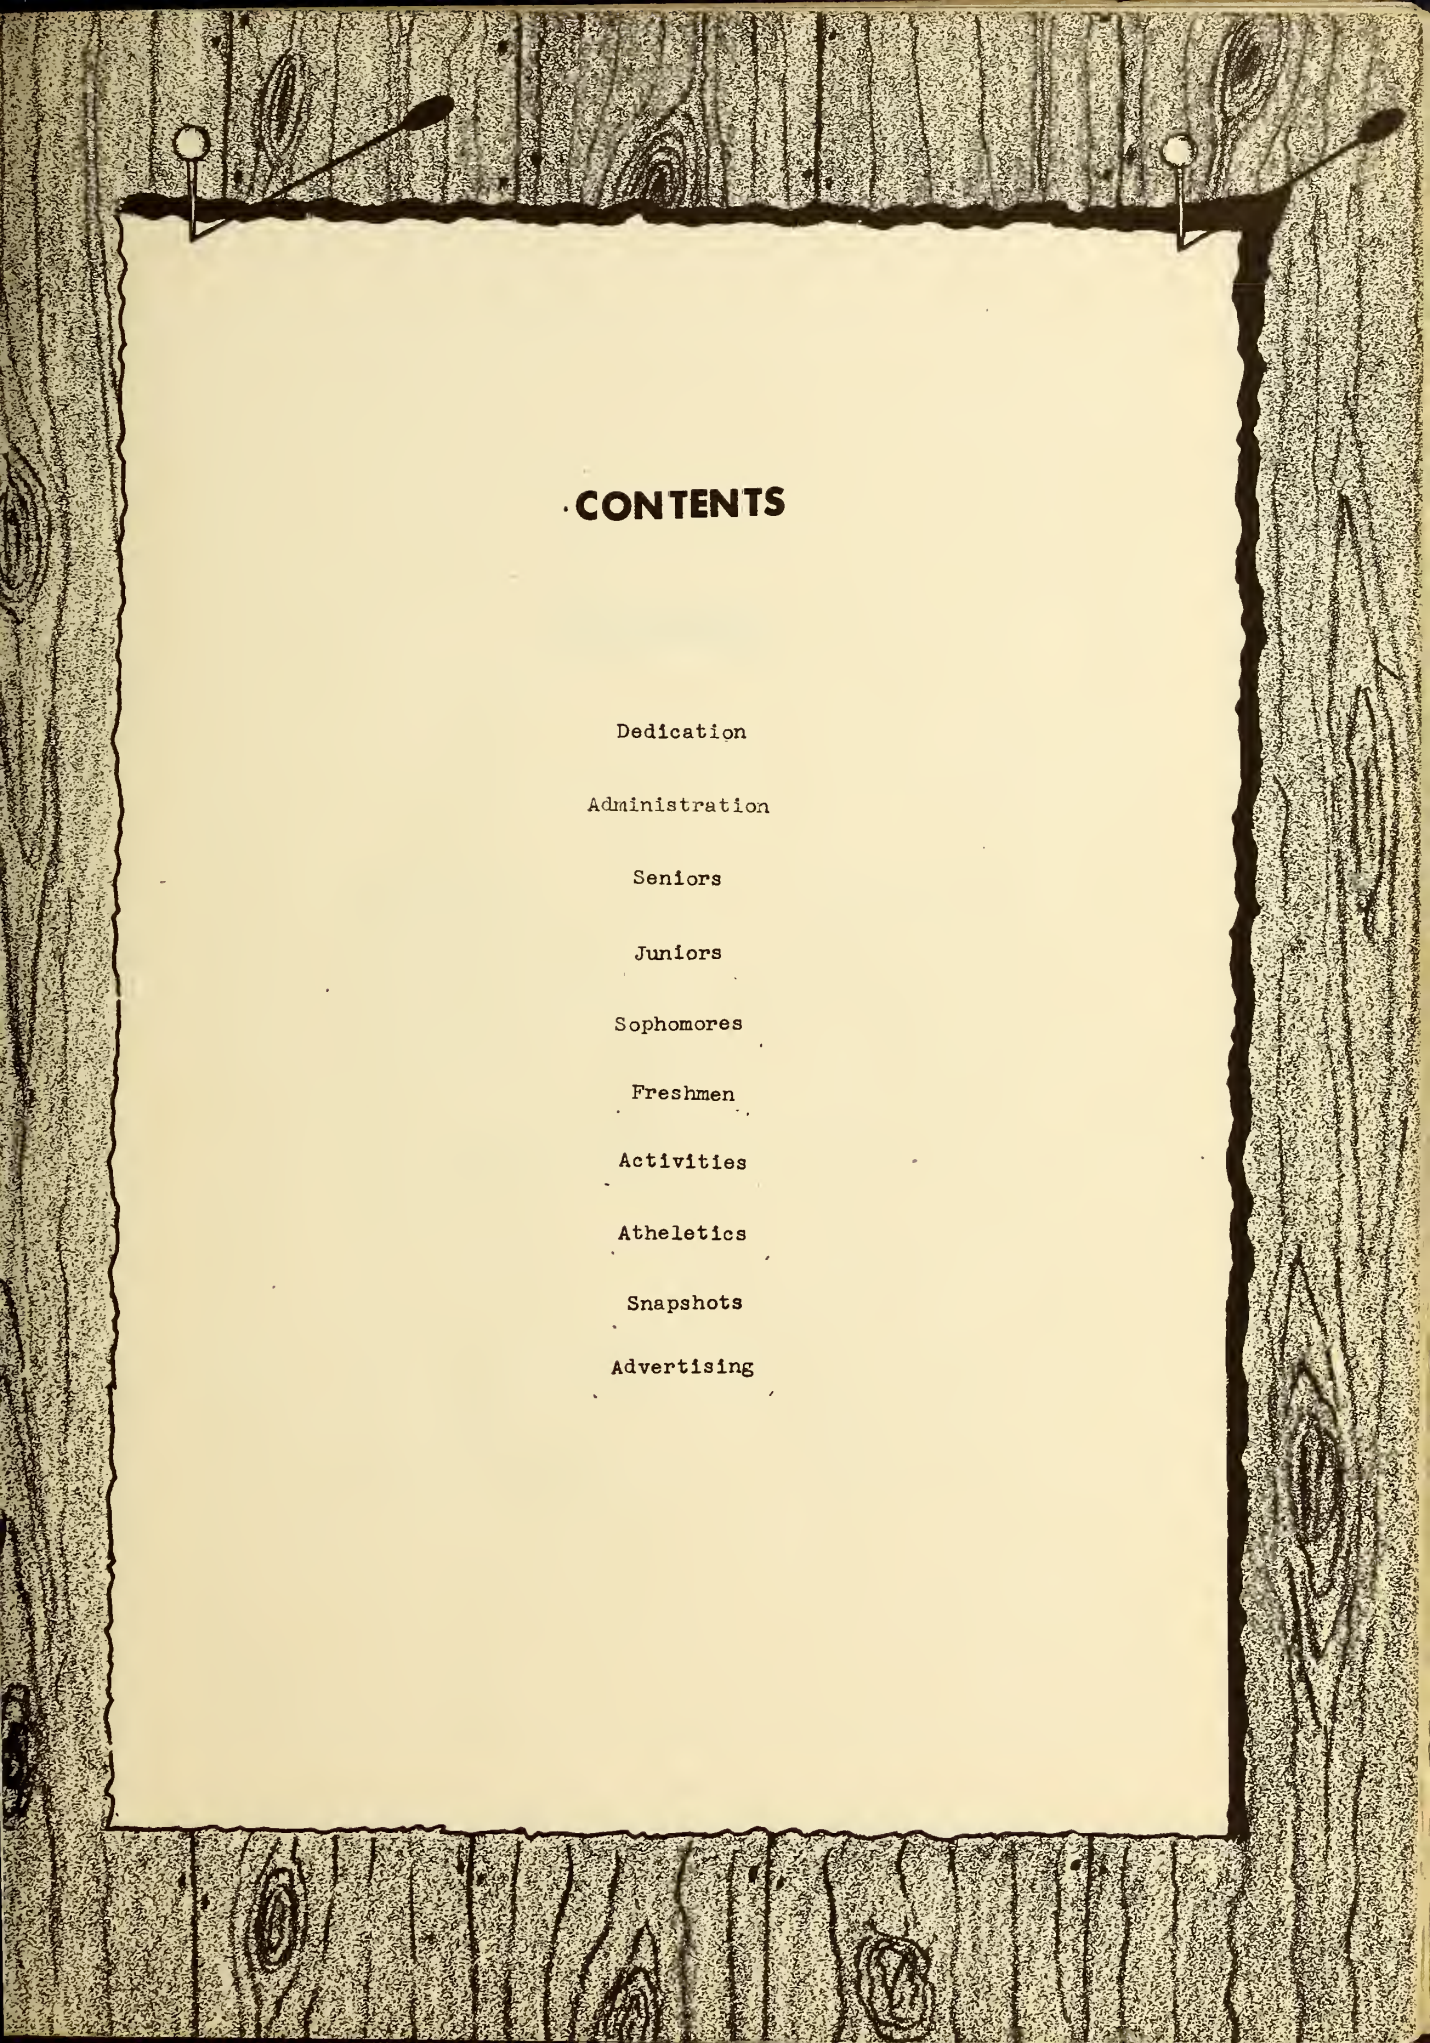

It is upon this principle that THE NUHOSCA has been founded. It is a book that represents happy high school days.

With this in mind, we, the staff of THE NUHOSCA, have endeavored to set forth in the pages of this annual a true picture of the year '46-'47 for you.

TO OUR ALMA MATER

Ten years ago the doors of New Hope School were opened to it's first students. Since that time it has guided and nurtured hundreds of boys and girls preparing to enter the world as citizens. To you, New Hope, we will always turn with gratefulness for paving our way with tender care.

TO THE BUS DRIVERS

There is no greater task placed in the hands of students than that of transporting our boys and girls to and from school. Theirs is a great trust and responsibility. It is with pride and gratefulness that we point to our bus drivers. Their faithfulness and care is an excellent example for all who follow them. Our bus drivers are:

F. F. A.

The New Hope Chapter of Future Farmers of America was organized in the year of 1938 under the supervision of D. W. Kneeshaw, the Vocational Agriculture Teacher, with forty-eight charter members. Over two hundred and fifty New Hope boys have belonged to this chapter during the past nine years, and there are sixty-two active members at this time.

The Future Farmers of America is a National Organization for farm boys, studying Vocational Agriculture in the public schools. There are over thirty thousand members in North Carolina alone, and over seven hundred thousand in the United States. The primary aims and purposes of the F. F. A. are the development of agricultural leadership, cooperation, and citizenship.

The local officers of the New Hope Chapter for the year 1946-47 are: Harold Gurley, President, Donald Kennedy, Vice President, Harold Parks, Sec'y, Donald Peele, Treasurer, Elvin Grant, Reporter, and D. W. Kneeshaw, Advisor.

The New Hope Chapter of the Future Homemakers of America was organized in February of this year. The purpose of this organization is to develop a better and closer understanding between the girl and her family. Each girl is being impressed with the fact that "the homes of tomorrow are in the hands of the youth of today". The motto of this organization is "toward new horizons" and will be used in forming projects and goals as we become more completely organized.
